Direct Payment

Here's how the Direct Payment service works: You authorize regularly scheduled payments to be made from your checking or savings account. Your payments will be made automatically on the specified day. The authority you give to charge your account will remain in effect until you notify us in writing to terminate the authorization.

Monthly Delinquent Contract Payments: Select this option if you are using Direct Payment to make monthly payments as part of our Delinquent Payment Plan. Reminder: current half year tax is due and payable as well in months of February and June in addition to your monthly contract payment amount.

Semi-Annual Payments: You will receive a tax statement in January and May showing the amount of tax that is due. The half-year amount due will be deducted from your account on the due date.

Annual: You will receive a tax statement in January that shows both the half-year and full-year tax amount. The full-year amount due will be deducted from your account on the due date.
